

# NEW

## NO OTHER GRASS CATCHER LIKE IT!

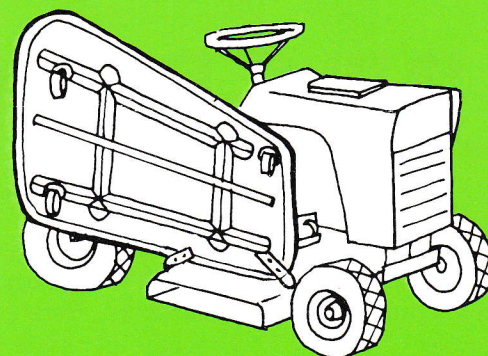

**UNIQUE DESIGN** – A rigid unitized riding mower catcher. The linear polyethylene rotary cast bottom will stand all the pain you can give. Special caster construction assures easy running in forward or reverse. **VERSATILE** – It fits virtually all riding rotary mowers. **EASY EMPTYING** – The unique basket permits instant emptying . . . just lift off, unzip the back and dump! **HUGE CAPACITY** (approx. 4 1/3 bushels) – Permits longer cuts between dumpings. **SIMPLE TO STORE** – Basket can be removed from mower and collapsed for separate storage OR left attached with basket folded upward against mower.

**AUTHORIZED DEALER**

Cart with pouch can be wheeled to trash barrels and burners or stored by removal of the E-ring.

Cart folds upward for getting through narrow paths or when storing without removal of the E-ring.

# UNIVERSAL GRASS CATCHER

*FITS MOST RIDING MOWERS*

MINNESOTA LAWN PRODUCTS introduces an entirely new concept in grass catchers. Here is a sidecar type catcher that will fit virtually all riding mowers. Casters mounted to polyethylene bottom glide the catcher effortlessly alongside mower. Unique design of molded bottom combined with tough fabric results in years of satisfactory service.
