

### OPERATING INSTRUCTIONS

#### 15600E1 CART

I. Assembly Instructions:

Separate Assembly Instructions are packed with the cart.

II. Illustrated Parts List

Separate Illustrated Parts List are packed with the cart.

III. Mounting:

Convertible 7.6

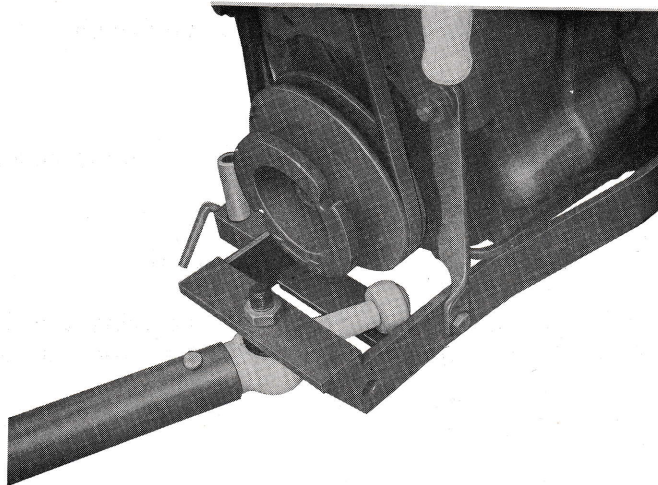

Figure 1

Requires 14688E1 Roller Rest Kit. See the instructions packed with the Roller Rest Kit.

Commercial 10A

Commercial 12

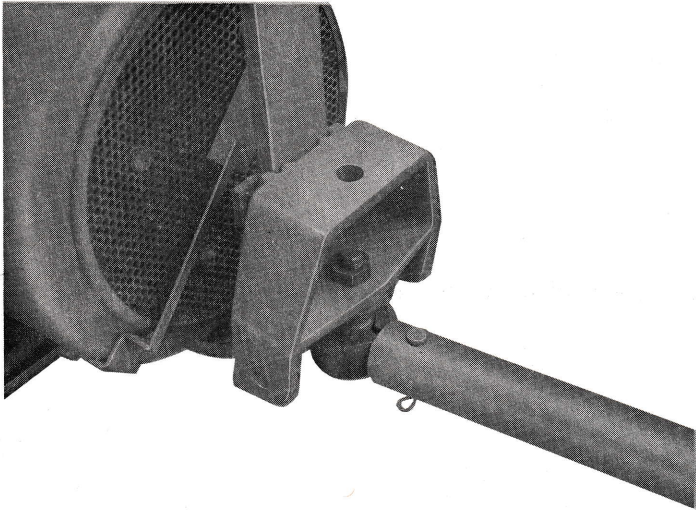

Figure 2

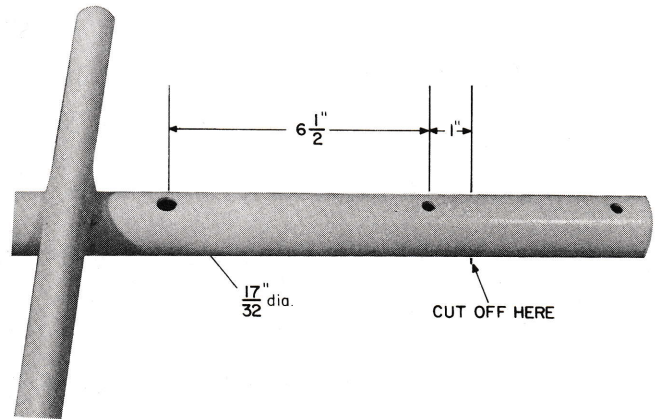

Figure 3

Requires 11627E1 Trailing Hitch Kit and 11980E1 Coupler Strut Weldment Kit.

1. Cut off cart drawbar as shown in Figure 3.
2. Drill a  $1\frac{7}{32}$  inch diameter hole, as shown in Figure 3,  $6\frac{1}{2}$  inches from the  $1\frac{1}{32}$  hole.
3. Attach the cart to the tractor using the trailing hitch kit.
4. Attach the coupler strut weldment to the cart drawbar using the  $1\frac{1}{2}$ " x  $3\frac{1}{4}$ " bolt and locknut. Secure the coupler strut weldment to the tractor hitch using the clevis pin and cotter pin.

IV. Lubrication

Wheels - Upon assembly and every 4 hours grease liberally with general purpose grease.

Lightly oil the cart latch for easier operation.

V. Operation

The cart can be used to haul virtually anything. It has a capacity of approximately 1000 pounds.

Use care when operating the tractor and cart, especially when backing.
