

How to Solve Home Upkeep Problems

With **GRAVELLY**
POWER
EQUIPMENT

*One Tractor -
21 Tools*

GRAVELY *POWER* takes the *Drudgery from Country Living!*

Country Living Can Be Fun

IF you have time to enjoy it! Country living means upkeep problems . . . keeping the lawn mowed, the weeds cut, the garden cultivated. It seems there is always a job to do when you would rather enjoy the beauty of your place.

Your problem is how to get the chores done, and still have time to enjoy country living!

The Solution Is To Let **Power** Do The Work

Gravelly Power Equipment takes away the drudgery. It gives you leisure to enjoy the pleasures of country living. It makes your time more efficient.

The sturdy 5 Horsepower Gravelly gets the chores done fast . . . the back-breaking work is eliminated. Your upkeep jobs become a pleasure with a Gravelly . . . healthy, pleasant exercise

with no over-exertion. Most important of all . . . you have time to enjoy your home without being worn out from constantly doing your upkeep jobs the old fashioned hard way!

21 Attachments Your Choice For Any Job

You do all your upkeep jobs with your Gravelly and its attachments. From mowing the steep slopes to rolling the lawn, from sawing firewood to removing snow. You have a single powerful tractor that gives you power to spare for plowing, cultivating, hauling, snow removal, sawing, land clearing, mowing—any kind of mowing!—just name the job and Gravelly does it for you!

One Utility Tractor **Specialized** Attachments

You save money with a Gravelly. You don't spend your money for any one-job machines. Just invest in *one* Gravelly Tractor . . . select the attachments you need and *save!*

In this folder we show you many of the important power attachments for the powerful Gravelly Tractor.

You can see for yourself the many ways the Gravelly will save you time, work and worry—give you the ease and convenience of **POWER** to make your tough jobs easy!

PLOW PERFECT SEED BED

CULTIVATE

MOW FINE LAWNs

Plow A Perfect Seed Bed In One Operation

With the Gravelly Rotary Plow Attachment, one time over the ground and you have a perfect seedbed—as much as 10 inches deep, 10 inches wide . . . mellow and easy-working all summer long. Weeds, trash are cut up and worked all through the soil, to decay rapidly and feed your young plants.

The Gravelly will plow any kind of soil, even sodland. Plowing with the Gravelly is easy. When your plow is properly adjusted, you can plow with only one hand lightly on the handle! We will prove that by demonstration!

Power Driven Plow---

The Gravelly Rotary Plow is driven from the engine—it does not depend upon traction to operate!

Safety Clutch Protected!

The Rotary Plow, as all Gravelly Power Attachments, is protected by the Gravelly Safety Clutch. This prevents any damage to attachment or tractor if you hit rocks, or other obstacles.

Easy Efficient Lawn Mowing With 30" Rotary Mower

With your big, 30" Gravelly Rotary Knife Mower Attachment you make short work of lawn mowing jobs.

You mow your lawn cleanly and evenly, the first time over. Unsightly Buckhorn and Dandelion stems disappear. You have a cleaner, lovelier lawn. And the grass is not windrowed on your lawn . . . instead it is shredded into a mulch that quickly decays into organic matter, does away with raking!

Self-propelled, of course. And the Gravelly design allows you to mow easily under overhanging tree branches and shrubs . . . use the reverse gear to back out with power!

Adjustable Mowing Height Low-Cost Maintenance

Height of cut is quickly adjustable. Design simplicity, with two heavy-duty knives, means low-cost maintenance, almost unlimited service.

HAUL 1/2-TON LOADS

MOW PASTURES, WEEDS

CUT TIMBER

Weed Mowing-Leaf Mulching With the Rotary Mower

The tallest, toughest weeds are cut with the same mower you use for your lawn. Not only does this mower cut the weeds but also shreds them into an almost invisible mulch as you mow!

And there is no raking to do—no unsightly piles of cut material left on the ground.

The Gravely Rotary Mower is built to take the tough jobs . . . that is why it is so effective for rough mowing.

Think of the advantages of one mower for both lawn and weed mowing—

PLUS . . . an optional Leaf Mulcher attachment that makes the leaves vanish before your eyes! No more leaf raking or burning!

Same Attachment Drive Powers Chain & Circular Saw

Detach the Rotary Mower assembly from the drive, and you quickly attach either a Chain Saw or an 18" Circular Saw!

Reel Mowing--Best For Your Fine Lawn

You will be truly proud of your lawn if you care for it with the Gravely 30-inch Reel Mower.

This is an exceptionally fine mower, precision built, carefully manufactured to give you the finest Reel Mower money can buy.

With a Gravely Reel Mower you get streak-free mowing, because there are no caster wheels—the Reel is supported from behind the cutting edges of the Reel.

You have a quick height adjustment—turn one turnbuckle for the height desired. Floating Reel, Safety Clutch protected, and with the famous Gravely Swivel Action that permits the attachment to follow the contour of the ground, regardless of the position of the tractor wheels.

Gang Mowers--75"-Cut

For large lawns, attach the two 25" Power Driven Gang Mowers to the 30" Reel Mower . . . attach the Sulky, and ride comfortably while you mow with any Gravely mowing tool!

ROLL

MOVE SNOW

MOW LAWNS

Cart Saves Your Back Hauls One-Half Ton Loads!

There are always hauling jobs—and the Gravelly Hauling Cart will handle up to $\frac{1}{2}$ a ton. You ride on the Cart as you do your hauling . . . and the powerful Gravelly has power to spare!

Think of the many jobs you have when a cart would be handy—hauling rocks, dirt, fertilizer, feed . . . you'll be surprised how often this hauling cart will help you!

Chain and Circular Saw Clear Land, Cut Timber

The Gravelly Chain Saw cuts timber quickly, conveniently, with no stooping or straining! Attaches to the front of the Tractor, on the Rotary Mower Drive . . . Quickly adjusted to saw in any position, at any angle.

The 18" Circular Saw—very inexpensive—clears brush and saplings almost as fast as you can walk.

Snow Plow Moves Snow Fast!

Gravelly 48-inch Snow Plow blade cleans the average walk in one pass—the average driveway in two!

Save your heart—use POWER to move the snow!

Adjustable blade lets you move the snow left, right or straight ahead, and the Gravelly has power to spare for this tough job!

Snow Blower for Deep Snows

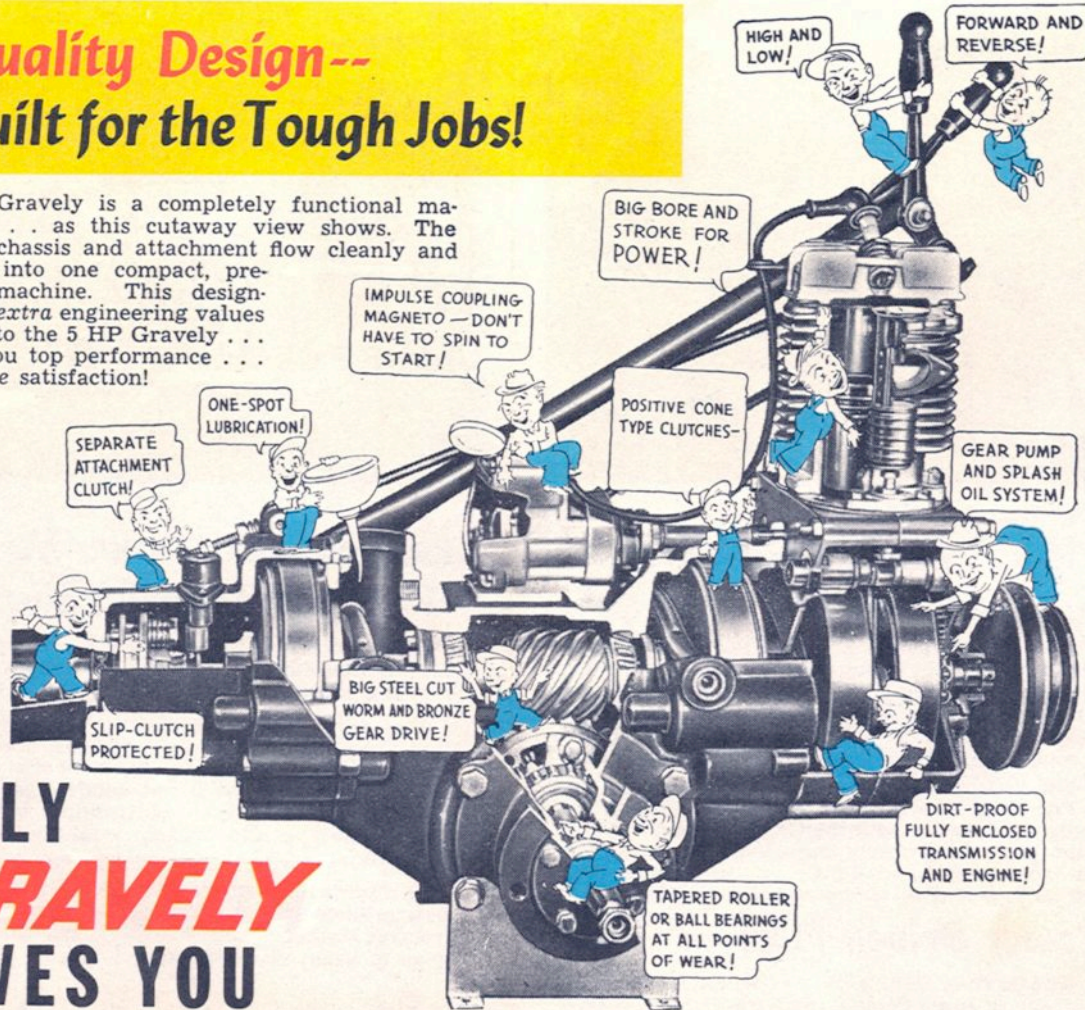

For deep snows, or if finding a place to put the snow is a problem, use the Gravelly Snow-blower.

Adjustable spout throws snow at any angle left or right . . . big reel and powerful fan blows the snow 30 feet—scatters it out, or puts it right where you want it!

Save your heart—let POWER do the work!

Quality Design-- Built for the Tough Jobs!

The Gravely is a completely functional machine . . . as this cutaway view shows. The motor, chassis and attachment flow cleanly and simply into one compact, precision machine. This design . . . the extra engineering values built into the 5 HP Gravely . . . gives you top performance . . . complete satisfaction!

ONLY **GRAVELY** GIVES YOU

ALL-GEAR DRIVE

From the Piston in the Engine to the power tool that actually does your work, the Gravely is driven by gears and splined steel shafts. No belts or chains to slip or wear.

2 Speeds Forward & REVERSE

The Gravely has an integral two-speed power reverse . . . just move a lever and the tractor backs up—no tugging or pulling!

Safety Clutch Protection

All Power attachments are protected by the Gravely Safety Clutch. If you hit an obstacle, the Tractor stalls, with the shock taken up harmlessly by the Safety Clutch. No damage to tractor or attachment!

Easy Attachment Change

Only four bolts to remove and replace, and power attachments are *securely* mounted.

Choice of 3 Models!

LS for heavy duty work—low speed, high power! LI for general purpose work—fast enough for mowing, slow enough to give *extra* power for plowing and cultivating. LH for high speed mowing and other jobs—your choice to suit your work!

Optional Self Starter!

Yes, now you can buy an optional self-starter—just push a button and your tractor is ready to take the drudgery from your upkeep chores!

Gravely Sales and Service Always Ready
