GOLF CART RENTAL INFORMATION

The Portland show covers a very large area, and golf carts are a very popular mode of transportation. Two wheeled vehicles are forbidden as are 3 wheel and 4 wheel motorcycle type ATVs with handlebar steering. As per current rules, garden tractors without mower decks and side by side 4 wheelers such as JD Gators, Kubota RTVs, etc. are permitted as long as they are 62 ½ inches or less in width. Drivers must be prepared to show proof of insurance on any riding vehicle and purchase a \$10 registration sticker to be visibly displayed on the vehicle. About 2500 of these stickers are issued each year, a good indication of the size and attendance of this show. Two companies set up for golf cart rentals outside the show grounds. They rent everything they bring, so advance reservations are advised. Their contact information is as follows, and they recommend reserving carts about two months in advance of the show:
